Replace with this Bulletin.
Revisions are marked with a bar and indicated in Bold Text.

ISSUE:

The spark plug specification for 5.3L and 6.0L (except XJR-S) V12 engines has been revised. The new specification spark plugs are installed in production from the engine numbers listed below.

XJ12 Engine number 8E 11071

XJS (V12) Range Engine number 8D 12479

The temperature characteristics of the revised spark plugs enable deposits to be more readily burned off during normal driving.

ACTION:

The revised specification spark plugs may be fitted to all XJ12 Sedans and to all 1990 MY ON XJS (V12) Range vehicles, except XJR-S, at the next required spark plug change.
