

# TECHNICAL BULLETIN

 <b>JAGUAR</b> SERVICE	<b>New Brake Fluid Specification - Super DOT 4</b>		<b>70-24</b>
	MODEL <b>Sedan Range VIN 754304 - ON</b> <b>XJS Range VIN 223045 - ON</b>	DATE <b>10/95</b>	

## ISSUE:

All vehicles beginning with the above VINs use Super DOT 4 brake fluid. This brake fluid has been specially formulated to eliminate possible discoloration that may occur between normal service intervals. The supplier was aware that the brake fluid could change color in service and developed this brake fluid to avoid unnecessary customer concern.

## ACTION:

**NOTE: Use only** Super DOT 4 brake fluid in vehicles from the above VIN numbers. Regular DOT 4 should not be used since discoloration may occur. Any other brake fluids (DOT 3 or DOT 5) **cannot** be used in these vehicles under any circumstances.

Super DOT 4 may be used in any previous Jaguar vehicle.
